Submissions

Have items of interest you would like featured in the NewsLink online newsletter?

Please send your departmental news, upcoming events, etc., to James Hartley at jehartley@smail.anc.edu.

The deadline is 5 pm on the last Thursday of the month.

ANC Mission

Arkansas Northeastern College is committed to providing accessible, quality educational programs, services, and lifelong learning opportunities.

Summer at ANC

We are looking forward to the return of the faculty this fall term. ANC welcomed some wonderful new team members this summer, and the campus hosted a number of exciting events and activities. We will soon have new and returning students on campus, so please join us in welcoming them.

ANC Tours

ANC Tours took 38 people to New York City from June 6 - June 9.

The group enjoyed the Hop-On, Hop-Off bus tour and had a wonderful evening watching "The Cher Show" at a local theatre. It actually won a Tony Award that Sunday night! There was plenty of time to shop, eat, and see the many amazing sights that New York has to offer.

If you are interested in any upcoming trips with the College, please visit www.anc.edu/communityed or call 870-762-3168 for Mary Ann or Lori.

Multiple Solutions Group Activities

The Solutions Group's Industrial Technologies instructor, Rob Semmel, trained seven individuals from Plum Point Energy (NRG) in basic hydraulics. The training was conducted over a 10-week period at ANC's Center for Allied Technologies.

The Solutions Group recently trained the Mississippi County EOC in basic electricity and plumbing. This training included instruction about how electricity works in commercial and industrial settings. It included hands-on electrical skills improvement and was designed to train maintenance technicians and other non-electrical personnel working in industrial plants and commercial buildings.

The Solutions Group's Industrial Technologies instructor, Rob Semmel, customized and delivered a basic hydraulics and mechanical measurements training for group operators from Big River Steel. There were two sections of basic hydraulics (16 hours for each section), and two sections of mechanical measurements (8 hours).

Career Pathways Chosen to Pilot Program

Career Pathways at Arkansas Northeastern College has recently been selected to pilot the TANF CAREERConnect subsidized employment program. Participants must be receiving Transitional Employment Assistance (TEA) benefits. The TEA program helps economically challenged families with children under the age of 18 become more responsible for the support of their families. Representatives from the local and state Department of Workforce Services were on hand to discuss the program with representatives from Arkansas Northeastern College. The program allows DWS to reimburse employers up to 100% of a participant wages for the first month and up to 50% of the employee's second-sixth months' wages. Prior to employment, Career Pathways at ANC will provide any necessary training.

ANC Hosts Skills Days 2019

Arkansas Northeastern College recently hosted the 4th Annual Skills Days for Mississippi County Hospital Systems nursing employees. "Skills Days" is a yearly event that offers an evidenced-based training opportunity for nurses to practice everyday skills in order to provide the highest quality care for their patients. Skills are selected based on research, trends, and needs in healthcare as well as employee suggestions.

M.A.S.H. Camp 2019

Ten high school students from Mississippi County area schools attended a two-week Medical Applications of Science for Health (M*A*S*H) camp at Arkansas Northeastern College. The two-week summer camp is full of medical enrichment experiences that allows high school students to shadow health care professionals and attend various workshops that enhance their knowledge of healthcare related fields. The program hopes to encourage rural youth interested in medical fields to pursue their education and return to rural areas to work.

Girls in STEM 2019

ANC partnered with the Museum of Discovery, Nucor, Kagome, and Big River Steel to host a week-long Girls in STEM camp. Activities included hands-on activities taught by professional women in the fields of Chemistry, Allied Health, Manufacturing, Robotics, Steel Industry, Agriculture, Engineering, and Coding. In addition to daily project activities, students also toured the Hampson Archaeological Museum and American Greetings. The Air Evac Lifeteam demonstrated lifesaving skills, and students performed chemistry projects led by Kagome. Sally Wilson, Osceola Mayor, discussed engineering projects, and the students also completed a capstone project led by Tenaris. Thank you to the students, volunteers, mentors, and to the Museum of Discovery for making it a great week!

Adventures of Ray

Ray did a bit of traveling this summer! He traveled throughout the U.S. and crossed over into Canada. He also got to visit the Emmys.

Social

Notes of Thanks

Thank you for the lovely plant. We appreciate your thoughtfulness, kind words, and prayers.

Leslie Lewis and Family

Thank you for the beautiful plant and act of kindness for our family.

Gerald Donner Family

ANC Board, Faculty, and Staff,

Thank you all for the beautiful arrangement sent to my mother's, Dorothy Puckett, service. I am very thankful to be a small part of the wonderful ANC family.

Sincerely,
Debbie Stubblefield

Social

Local Engagements

Join ANC Librarian Karen Ellis for intellectual stimulation and lively discussion in the ANC library. Make new friends, share your knowledge, and if you don't have a card—sign up for a library card to take advantage of the excellent reading material available at the ANC Library.

For more information, contact Karen Ellis at kellis@smail.anc.edu

The Community Education department at Arkansas Northeastern College is a non-credit, lifelong learning program that meets the changing needs of the community. Educational opportunities are continually developed and offered for citizens of all ages for a reasonable cost.

For more information, contact Mary Ann Garren at mgarren@smail.anc.edu

Join the ANC Community Choir and experience an enrichment of your life through music!

For more information, contact Gianluca Strazzullo at gstrazzullo@smail.anc.edu
