Student Dental Assisting Club

The 2018-2019 Student Dental Assisting Club participated in MidSouth Mission of Mercy in January. This is a two-day event providing only dental care to patients. All the services are free and provided by dental professionals. The students spent two 12-hour days assisting dentists in restorations and extractions. It was a very rewarding but tiring experience. Mrs. Childers and Mrs. Leal accompanied the students and worked with them to improve their chairside skills. This is a great opportunity for the dental assisting students to practice their newly acquired skills. MidSouth Mission of Mercy had 2,034 volunteers. 1,945 patients were treated, and over a million dollars of free dentistry was provided to the community.

We are very proud of our students.
