Career Placement**

Located in
Statehouse Hall
Room S145

Testing Services

Students may schedule an appointment by:

Visiting: www.anc.edu/testingcenter or contacting Emily Taylor at 870.762.3104

Advising Services

Many students entering college are unsure about which career path to choose. For new students, advising specialists provide the following information:

- Programs of Study
- Skills needed
- Length of education and training
- Starting salary
- Job outlook
- Career opportunities

Career Services

Career services involve helping students seek employment by answering questions and connecting students with potential employers in the following ways:

- Using FOCUS 2, which combines self-assessments, career and major exploration, and action planning into one online system.
- Hosting Career Fairs with local and regional employers

The **Team Up Program** consists of Academic Coaches and Success Coaches.

Our mission is to help students know and believe in themselves, successfully retain and use what they learn, and take advantage of resources and opportunities.

Academic Coach

An Academic Coach supports students in the completion of their coursework. Students of all academic strengths can work with a coach to improve their academic talents or learn new skills to add to their academic ability.

To request an academic coach:

- Visit the ACE Center to speak with Mr. Butler, S151
- Complete an application
- Check your ANC Email to see if you have been matched with an academic coach
- Start your study sessions

Success Coach

Success Coaches are currently enrolled and experienced students who are people oriented, provide support, good motivators, respects others, and trust-worthy.

Success Coach activities include:

- Working in groups and/or with individuals
- Workshops, such as financial literacy, test-taking strategies, dressing for success, and goal-setting

To request a success coach:

- Visit the ACE Center to speak with Mr. Carr, S149
- Complete an application
