

Alejandro Altamirano is from Mexico City, Mexico. He works as a MOVA Coordinator at Tenaris Hickman in Blytheville. Alejandro has also worked as a project analyst, running services engineer, and a process engineer. Alejandro's educational accomplishments include: studying Mechanical Engineering at the ITESM-CCM in Mexico City; conducting alternative fuel energy sources research at the University of Alberta in Edmonton, Canada; specialization on internal combustion motors research at the University of Modena in Italy; and integrity of car structures research at the University of Applied Sciences Esslingen in Germany.

Alfredo Aspra is from Cordoba, Veracruz, Mexico. He works as a Finishing Coordinator (production) at Tenaris Hickman in Blytheville. Alfredo also worked at Tenaris TAMSA, a plant in Mexico, for the same company. He has worked in the automotive industry, building gas chambers for airbags. Alfredo went to school mostly in Mexico; however, he attended college at Ohio University, obtaining a Bachelor's Degree. He is very interested in the Engineering field and plans to go back to school to obtain a Master's degree.

Frank Hernandez was born in Kansas and raised in Mobile, Alabama. He is an Aeronautical Instructor for Arkansas Northeastern College in Blytheville. He has worked for Sharp Aviation at the Jonesboro Airport, Razorback Aviation at the Manila Airport, and operated his own aircraft repair business at the Blytheville Airport. Frank attended the Memphis Area Vocational Technical School (MAVTS) for Airframe and Powerplant training. He attended Inspection Authorization School in Nashville and renewal schooling in Little Rock.

Roberto Hernandez was born in San Luis de La Paz, Mexico and moved to America as a young child. He attended Rivercrest High School. He has a welding certificate from ANC and worked as a welder for a year and a half. Currently, Roberto works at Kinder Morgan, a contractor for Nucor Hickman, as a cutter in the scrap yard. Roberto attends ANC as a full-time student pursuing a transfer degree. He has been in the National Guard since July 2009.

Ricardo Ledezma was born in Palau, Coahuila Mexico. He is an industrial engineer for Denso Manufacturing. Ricardo graduated from the University of Texas at El Paso with an International Manufacturing Certification. While at Denso, Ricardo completed the two step TIE training process for Lean Manufacturing and Toyota Production System – Key Training for today's competitive manufacturing environment.

HISPANIC HERITAGE CAREER DAY

OCTOBER 5, 2010

Hispanic Heritage Month is observed from Sept. 15 - Oct. 15 by celebrating the histories, cultures and contributions of American citizens whose ancestors came from Spain, Mexico, the Caribbean, and South and Central America. The starting date of Sept. 15 coincides with the anniversary of independence for Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua.
