POSITION DESCRIPTION

The Career Connect Coordinator is a 12-month, grant-funded position awarded by the Arkansas Department of Workforce Services. The purpose of this position is to deliver a program that connects recent and soon-to-be Arkansas Northeastern College graduates with local employers so that participants can obtain or maintain employment to allow them to become self-sufficient. The Career Connect Coordinator offers assistance in matching people with jobs that fit their skills and interests. This individual acts as a liaison between job candidates and employers to find the right people for the right employment opportunities. The Career Connect Coordinator reviews resumes, assesses readiness for job referral, and coordinates all available college and external resources to prepare candidates for job referral readiness. The Career Connect Coordinator reports to the Vice President for Community Relations.

It is designed to provide trained participants with actual work experience. Employers are asked to hire participants in positions, including entry level jobs, normally filled with experienced applicants.

The Career Connect Coordinator interviews clients, providing vocational counseling, determining eligibility, and making referrals for other human services programs, support services, and community resources. This position collaborates closely with the College's career placement services and the Career Pathways Initiative (CPI) staff to provide individualized supports to assist clients in obtaining and maintaining employment. To ensure clients are work ready, the Career Connect Coordinator collaborates with clients and incorporates case notes and other input from the ADWORC (Arkansas Delta Workforce Opportunity for Rural Communities) Case Manager, WORK (Workforce Orientation & Retraining Keys) Program Coordinator, and CPI staff.

The Career Connect Coordinator fosters successful employment opportunities for under-resourced citizens and the re-entry of previously incarcerated, returning citizens through the delivery of evidence-based practices.
