27th Annual Yamato Kogyo/ANC Foundation Scholarship Golf Tournament

Twenty-four six-person teams participated in the 27th Annual Yamato Kogyo/ANC Foundation Scholarship Golf Tournament on Monday, September 18th at the Blytheville Country Club. Since its inception, this tournament has raised over $500,000 toward student scholarships at ANC.

At the close of the event, Mr. Hiroyuki, Chairman of Yamato Kogyo Company, presented the ANC Foundation with a check for $20,000.
ANC is experiencing an increased demand for ISO training. Viskase teamed with ANC to train internal auditors from their Osceola and Loudon, Tennessee facilities. ANC's training also included the food safety standard, ISO 22000.

The Solutions Group offers a Constructive Discipline and Supervisory Basics class as an open enrollment course. Kagome Creative Foods, D&L Inc., Nucor Hickman, Rockline Inc., and Arkansas Northeastern College sent supervisors to the course. All attendees report that they are seeing a difference in their organizations by effectively using the knowledge and techniques they learned in the four-hour training session.

Gary Barth, Heavy Equipment Trainer from United Rentals, assisted with the training of 18 NRG Plum Point Energy operators on the Aerial Boom Lift. Training took place on June 22nd at Plum Point Energy in Osceola. Barth is a partner of Arkansas Northeastern College.
New Computer Networking Lab Designed

Arkansas Northeastern College’s Computer Information Systems students designed and built the first Computer Networking lab under the guidance of CIS Instructor, Joseph Jones. The lab provides students with a hands-on environment to practice interfacing multiple computing devices for the sharing of data and resources attached to the network.

Students can practice configuring special purpose communication devices, including Wi-Fi routers, network switches, workstations, network interface cards, server operating systems, and network cabling.

Local area networks (LANs), for example, typically span a single home, school, or small office building, whereas wide area networks (WANs), reach across cities, states, or even across the world. The lab is instrumental in aiding the students with their understanding of the types of computer networks used in large and small organizations.
Networking Lab Continued...
Practical Nursing Student Club of 2017–2018 Lends a Helping Hand to the Hurricane Harvey Relief Efforts

On August 30, the Practical Nursing Student Club members made the decision to come together and use their first community service project to help the victims of Hurricane Harvey in Texas. They collected non-perishable food items, bottled water, personal hygiene products, baby supplies, dog/cat food and supplies, flashlights, batteries, etc. Service projects of this nature not only help those in need, but also warms the hearts of those lending the helping hand.
Sun Room Billiards Tourney Results

L to R:
1st Place-Gavin Krech
2nd Place-Chase Farrish
3rd Place-Peyton Stamps
Thank you all so very much for the beautiful schefflera plant that you all sent after my hip surgery! It looks so nice and is perfect in our sunporch!

It will be enjoyed and very much appreciated for a very long time!

Thank you, again.

Sheree Robinson (Lowry)
ANC BOOK CLUB

Join ANC Librarian Karen Ellis for intellectual stimulation and lively discussion in the ANC library. Make new friends, share your knowledge, and if you don’t have a card—sign up for a library card to take advantage of the excellent reading material available at the ANC Library.
