

Arkansas Career Pathways Initiative is a state educational program that integrates “wrap-around” support services, including career assessment and counseling, case management, child care, transportation, financial aid, soft skills training, and job placement.

*Seeing is believing and believing is seeing*

So much time is spent focusing on being academically prepared for college that sometimes we forget that a parent/student needs additional, often non-academic skills in order to make a successful transition to college. This is an area where Career Pathways can help smooth the way for you. If you have a child under age 21 please continue reading and contact us today.
