Application Deadline for Practical Nursing Program: April 15, 2024

Last Revised: 7/2023

**Arkansas Northeastern College
Practical Nursing Program
Information Guidelines 2023 – 2024**

The Practical Nursing (PN) Program at Arkansas Northeastern College (ANC) is a 10.5-month program that prepares students to become Licensed Practical Nurses (LPN). The program consists of nursing courses combined with client care in the clinical settings that include hospitals and other health care facilities in the service area. The nursing courses integrate application of the nursing process, communication skills, nutrition, pharmacology, and drug administration in the care of clients. Legal and ethical responsibilities along with current trends in nursing and health care are integrated throughout the curriculum. Upon successful completion of the practical nursing program, students graduate with a Technical Certificate in Practical Nursing and contingent on meeting application criteria are eligible to take the National Council of Licensure Examinations for Practical Nursing (NCLEX-PN) for licensure. The ANC Practical Nursing Program is approved by the Arkansas State Board of Nursing and selects a class beginning in the Fall semester each year. ANC does not allow advanced placement into the Practical Nursing Program.

College Admission:

If no classes have ever been taken at ANC, complete the following and have submitted to the Registrar's Office at 2501 South Division P.O. Box 1109 Blytheville, AR 72316-1109 by March 31:

Selection Process: The PN program may have more applicants that meet the minimum requirements for admission than positions available. Admission is competitive; therefore students are ranked according to their TEAS test score, cumulative grade point average (from all colleges/universities attended) and completion of prerequisite courses and any developmental education courses required. Applicants providing a current credential as a Certified Nursing Assistant in the State of AR will be eligible for 1 bonus point in the selection process (optional and not a requirement for admission into the PN Program).

Ranking process:

- TEAS Entrance Exam: Points are earned for TEAS Scores of **58.7%** or greater.
- Applicants earn points for their overall GPA (2.0 or greater) on all college course work attempted and the points are added to the points earned for the PAX score.
- Applicants providing a current credential as a Certified Nursing Assistant (CNA) in the State of AR will be eligible for 1 bonus point in the selection/ranking process. A copy of the current AR CNA certification must be attached to the PN Application or submitted to the Nursing Office on or prior to the April 15th application deadline to receive bonus points. This is optional and not a requirement for application in the PN Program.
- Points earned from TEAS Scores, GPA and if applicable, the Bonus Point for AR CNA, are added to provide Total Points. Students are ranked from highest to lowest on over-all earned points. See Example below.

Example:	TEAS Score of 62%	=	62 points
	Overall GPA of 2.9	=	2.9 points
	<u>Current CNA in AR</u>	=	<u>1.0 points (bonus points)</u>
	Total Points:		65.9

Selection for the Fall class is completed in June of each year. All applicants are notified if they have been selected, if they are alternates for the program, or if they have not been accepted.

All applicants who meet the **minimum PN Admission Criteria** will be notified of their acceptance status (accepted and / or alternate) in the PN Program and be invited to a **Mandatory Orientation Session**. All students (accepted and/ or alternate) will be expected to attend. The orientation will provide details and expectations of the PN Program. All students attending will complete and sign their **PN Letter of Intent** to officially accept their admission status in the PN Program.

Preadmission Testing TEAS EXAM-

BACKGROUND VERIFICATION POLICY (Beginning of PN Program)

Policy Statement: Arkansas Northeastern College Practical Nursing Program requires students selected for admission into the PN Program to complete a criminal background investigation by a third party vendor prior to the beginning of clinical rotations in the first nursing course. All background verification information and results will be treated confidentially but will be accessible to the Practical Nursing Director, the Dean of Nursing, Allied Health & HPER and clinical agencies as warranted. All adverse or negative outcomes on the background verification checks will require permission from the clinical affiliate before a student is scheduled at that agency for a clinical rotation. This requires each clinical affiliate to independently determine if an adverse or negative outcome on the criminal background verification check will prohibit a student nurse from being assigned in their facility.

Students will be responsible for all fees associated with any components of the background verification process. Students must authorize the background check verification by completing the background authorization form provided by the vendor.

Students found to be ineligible to complete clinical rotations due to an adverse or a negative outcome from the criminal background check will not be able to meet clinical and program objectives and therefore dismissal from the program will be necessary. The background investigation completed through a third party vendor will include the following components:

- Arkansas Statewide Criminal
- 7 Year U.S. County Criminal Records (Outside of Arkansas)
- Residency History
- Social Security Alert
- National Record Indicator with Sex Offender Registry
- Nationwide Healthcare Fraud & Abuse Scan
- Arkansas Child Abuse Clearance
- Missouri Family Care & Safety Registry
- Maiden Names and Aliases

- **Proof of Immunization:** The immunization must be given in two doses. The first dose of the MMR must be given before the first birthday and after 1/1/1968. The second dose must be given at least 28 days after the first. Refer to Table III of the Arkansas State Board of Health,

Rules and Regulations Pertaining to Immunization Requirements, page 16. Accepted proof of immunizations shall be those on an immunization record provided by a licensed physician, health department, military service or an official record from another educational institution in Arkansas. All accepted immunization records shall state the vaccine type and dates of vaccine administration.

- **Proof of Immunity:** In lieu of receiving vaccine students may provide proof of immunity. Students must submit serological test results (titers) appropriate for all three diseases (measles, mumps, and rubella) to the Arkansas Department of Health (ADH) along with a letter requesting approval of immunity. Please send letter and test results to:

*Arkansas Department of Health
ATTENTION: Immunization Section
4815 West Markham Street
Little Rock, AR 72205*

After the Medical Director of the Immunization Section of the ADH has reviewed the letter and results, the student will receive either an approval or denial letter. If approved, it is the student's responsibility to provide ANC Registrar a copy of the letter for placement in the student's permanent file. Thereafter, annual approval is not required. If denied, the student must receive the required immunization or request an exemption (see below) through the Arkansas Department of Health.

Medical or Non-medical Exemption: Students may apply for an authorized exemption (medical, religious, or philosophical) from the Arkansas Department of Health. Exemptions must be applied for each academic year. Forms can be obtained after July 1, each year by e-mail only at: <http://www.healthy.arkansas.gov/programsServices/infectiousDisease/Immunizations/Documents/2017-2018%20College%20Immunization%20Exemption%20Application%20Packet.pdf>

Other Required Immunizations

As a condition of admission and continued enrollment in the PN program, all students are required to submit proof of the following:

- **MMR (2 doses required);** refer to detailed MMR immunization policy above for more
- **Tetanus or Tdap.** Tetanus or Tdap must be received in the past 10 years to be current or a tetanus booster is required.
- **TB Screening:** At the beginning of the fall semester, students must submit proof of **ONE** of the following:
 - documentation of a negative tuberculin (TB) skin test
 - negative result of interferon-gamma release assays (IGRAs) blood tests (T-SPOT or QuantiFERON).
 - negative chest x-ray within the past three years; OR provide evidence of no TB disease per health screening
- **Hepatitis B (series of 3 injections) or waiver:** students entering the PN Program must realize the potential for exposure to the Hepatitis B virus. Faculty recommends appropriate documentation of a completed series of Hepatitis B immunizations or consent to and be in the process of receiving the series of the 3 injections prior to any contact with patients. If a student refuses or has reason to believe that the vaccine is contraindicated for him/her, the student must sign a declination form acknowledging the risk of Hepatitis B infection in a healthcare

setting.

- **Influenza/flu vaccine annually (this is due each year by 10/31 or as requested by clinical facilities)**
- **Varicella (2 doses); Proof of varicella may be provided by ONE of the following:**
 - Documentation of 2 doses of the varicella vaccine
 - Laboratory evidence of immunity (titer)
 - Verification of history of varicella or herpes zoster by a healthcare provider

COVID-19 Vaccinations

In compliance with AR ACT 1030, The Division of Allied Health at Arkansas Northeastern College does not mandate COVID-19 vaccination as a requirement for enrollment in any of their courses or programs. However, clinical affiliates may require proof of the vaccine for both faculty and students attending their facilities for clinical experiences. The Practical Nursing Program Director will accept student's proof of COVID Vaccination for submission to these facilities upon their request and prior to attending clinical. Students may provide a copy of COVID vaccination proof to the PN faculty, PN Program Director or the Administrative Analyst for Allied Health as with all other clinical documentation.

In order to ensure all students are provided an equitable clinical educational experience necessary to meet required course and program objectives, students must be eligible for placement in any approved clinical site. Students ineligible to meet their clinical assignments will not be successful in meeting their course objectives.

ACADEMIC PROGRESSION

The PN Program is competency based in skills and theory. In order to continue in any nursing course, a student must have satisfactory clinical performance and achieve an overall average of 76%. Any student not maintaining a "C" or better in any nursing course will not be allowed to continue in other nursing courses enrolled or progress to the next semester/term. Probation and suspension may occur based on regular college policies.

Students will be required to complete standardized tests throughout the nursing curriculum. Acceptable scores on such tests are required to progress through the practical nursing curriculum. In the Summer Term of the PN Curriculum, students will be required to make an acceptable score on a comprehensive exam in order to graduate and apply for the National Council Licensure Exam (NCLEX).

Because the Practical Nursing courses utilize the content of the physical and behavioral sciences, the course of study will be according to prescribed sequence. The student may take any course desired prior to applying to the Practical Nursing Program. Completion of these courses does not guarantee admission to the Practical Nursing Program.

Academic Standards:

Curriculum Plan: The curriculum plan for the Practical Nursing Program is comprised of 46 nursing credit hours and 7 general education credit hours. The general education courses further compliment and support the study of Practical Nursing. The Practical Nursing Curriculum Plan or course of study is approved by the Arkansas State of Nursing and must be taken in the order outlined in the plan.

Support Courses: The general education courses utilize the content of the mathematics and physical sciences. The student must complete the 7 credit hours of prerequisite course work before applying to

the practical nursing program. Completion of these prerequisite courses does not guarantee admission to the practical nursing program. Most of the PN courses have co-requisite courses that call for a prescribed sequence. (Refer to ANC catalog for course descriptions). A grade of “C” or better is required in each prerequisite course and for each of the nursing courses.

Nursing Courses: The course of the study for Practical Nursing will be according to the prescribed sequence in the Curriculum Plan. Each student must receive a grade of “C” (76%) or better in each nursing course. If the student receives less than a “C” (76%) grade in the course, the course will result in a non-passing grade. An overall minimum grade point average (GPA) of 2.0 (on a 4.0 scale) is required for college graduation (excluding developmental education course work).

PN Program Transfer and/or Substitution Policy: Students requesting transfer credit to the ANC Practical Nursing Program must meet ANC Transfer Policies as outlined in the ANC Catalog and PN Departmental Guidelines for Admission. Nursing courses will not be considered for transfer or substitution if they have not been completed within one year of transfer/substitution to ANC. Official transcripts along with the “Request for Exception or Waiver” (Refer to attached Exception/Waiver Form) for course transfer or substitution must be submitted and approved by the Director of Practical Nursing prior to the scheduled course as noted in PN Curriculum Plan. Course substitutions will not be considered once the student is enrolled in a PN Course.

A student must complete the entire PN curriculum within 2 years or apply for re-admission and repeat all nursing courses. Two consecutive semesters must be successfully completed at ANC to meet eligibility requirements for graduation and application for the NCLEX-PN.

Letter of Good Standing Policy: Applicants seeking transfer into one of ANC’s Nursing or Allied Health Programs/Courses from another college must request a letter of good standing from the dean/director of that program. To be considered in good standing, the applicant must be eligible for re-entry into the previous college’s Nursing or Allied Health program. The letter of good standing must be mailed directly from the Dean/Director of the previous program attended to the ANC Director of Nursing or Allied Health Program in which the applicant is applying. If the letter of good standing is not received, then the applicant may not be considered for admission.
